

The Higher Education Achievement Report

The Higher Education Achievement Report (HEAR) is an opportunity to have your non-academic activity recognised on your degree transcript, this includes your role as Society Committee Member.

In order for us to share your data with the University, and to ensure we have the relevant contact details for you as a committee member, please complete the following survey:

<https://forms.office.com/e/ueKEpmtuVR>

To be eligible for the HEAR you have to complete the protocols associated with your committee role. The protocols are included in the table below.

As you work towards these protocols, you should keep evidence to show that protocols are complete.

Evidence required will vary from role to role. You should ensure that your evidence covers all the protocols relating to your committee role. Evidence includes but is not limited to:

- Dates you attended drop-in and society training
- Paperwork relating to events (e.g. event cover forms, risk assessments, budgets etc)
- Screenshots of your social media posts about events/activities
- Meeting minutes
- Reports delivered at AGMs
- Email chains between you and Guild staff.
- Payment vouchers, account statements and financial reports (Treasurers only)
- Emails you sent relating to elections or a screenshot of your election results (Presidents only)
- Screenshots of new stories on the Guild website (Secretaries only)

To submit your evidence, please email saadmin@liverpool.ac.uk, attaching relevant documentary evidence. To ensure our team can file your evidence correctly, you should use the following format for you email subject line:

STUDENT ID ; NAME ; COMMITTEE POSITION ; SOCIETY
(e.g. 12345678 ; Emily Williams ; President ; Lord of the Rings Society)

If you hold positions on multiple committees, you should submit one email per committee position, only including evidence relating to your work with that society.
